### 'Out of this World'

ALIEN WORLDS magazine is a unique idea that has never been seen before. ALIEN WORLDS is distributed by MMC the key destination for specialist magazines.

ALIEN WORLDS has a combination of three disciplines involved in the search for alien life; UFOs, the SETI organisation (the search for extraterrestrial intelligence), and the science of astrobiology.

February/ March 2008 issue has some amazing articles including new revelations from author Nick Redfern about the Roswell Conspiracies. There is an exclusive insight into the Ministry of Defence in relation to UFOs and a very rare interview with author Michael Michaud. ALIEN WORLDS also has a mixture of competitions, film and TV reviews.

Stuart Miller, publisher of ALIEN WORLDS Says 'The idea for ALIEN WORLDS evolved from the success of UFO Review, an online magazine that I devised and ran for 3 years. UFO Review began in early 2004 as a result of the closure of UFO Magazine, at the time the only remaining UK based publication that served the UFO community. Its closing left a hole in the market.'

ALIEN WORLDS goes on sale 8th February 2008 and will be available in WHSmith High street, Borders Books, Eason's and Independents. ALIEN WORLDS looks to appeal to UFO enthusiasts aged between 23 to 55 years old.
